Contemporary, robust seat design. Solid, trapezoidal, hardwood battens in 5 colours with a sleek steel frame in 27 zinc-primed powder-coat finishes.

● AS1428.2

Description	The juxtaposition of solid, hardwood battens and a sleek steel frame is unified with trapezoidal design elements that add strength and visual appeal to the Terrain seat. Finishes include 5 hardwood and 27 zinc-primed powder-coat colours. Terrain is a high-quality collection that adds a robust, contemporary feel to public spaces.

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

Hardwood is treated with a UV-resistant oil finish.

When ordered with the optional 30mm radius to the front edge batten, the Terrain Seat complies with dimensions laid out in the Australian Standards 1428.2 for projects requiring DDA certification.
