Robust block seat design with a concrete base. Hardwood and Duraslat™ XG battens with steel framing details in 27 powder-coat or galvanised finishes.

Description	Featuring striking asymmetrical forms and robust materials that are based on our competition-winning designs for the Western Sydney Parklands Trust, the Prospect block seat is ideal for parkland and urban environments. With a solid precast concrete base that grounds the design, the seat is available in 5 hardwood and 5 Duraslat™ XG batten colours with steel framing details in 27 powder-coat colours or a galvanised finish to blend in or contrast with the landscape it sits in.
Made In	Australia

Sustainability

Certified Hardwood

All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Warranty

5-year warranty. View the [warranty](#) for more details.

Lead Time

6-8 weeks

Assembly & Delivery

Shipped fully assembled on pallets.

Fixing Detail

Surface or sub-surface fixed by others. Threaded rod to anchor supplied.

How to Specify

Select your cantilever orientation
Select your backrest length
Select your batten finish
Select your frame finish

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG

Cleaning

Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

Options: left or right-hand cantilever (when seated), adding armrests, and a partial or full backrest.
