Robust block table design with a concrete base. Hardwood and Duraslat™ XG battens with steel framing details in 27 powder-coat or galvanised finishes.

Description	Featuring striking asymmetrical forms and robust materials that are based on our competition-winning designs for the Western Sydney Parklands Trust, the Prospect block table is ideal for parkland and urban environments. With a solid precast concrete base that grounds the design, the table is available in 5 hardwood and 5 Duraslat™ XG batten colours with steel framing details in 27 powder-coat colours or a galvanised finish to blend in or contrast with the landscape it sits in.
Made In	Australia
Dimensions	1600mmW x 970mmD x 730mmH 3200mmW x 970mmD x 730mmH

Select your batten colour
Select your frame finish

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG

Cleaning

Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

Optional plastic orange reflectors to increase visibility.
