BONDI CAPSULE BIN

Bins » Bin Housings

Compact capsule single, double litter bin housings for undercover. Panels in hardwood, Duraslat™ XG, v-groove compact laminate, powder-coat finishes.

Description Designed with Australia's most famous beach in mind, the Bondi capsule single and double bin with a hood proves that litter bin housings can add to the aesthetics of outdoor public spaces. Its compact profile, curved corners, cut-out designs, plus a hood make it a sleek and versatile waste management option. Finishes include 5 hardwood, 5 Duraslat™ XG or v-groove compact laminate colours and 27 powder-coat finishes.

Made In Australia

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Warranty 5-year warranty. View the [warranty](#) for more details.

Lead Time 6-8 weeks

Assembly & Delivery Shipped fully assembled on pallets.

Fixing Detail Loose or surface fixed by others. Anchors not included.

How to Specify

- Select your size - single, double
- Select your capacity - 80L, 120L, 240L
- Select your body colour
- Select your feature panel design
- Select your feature panel colour
- Select your fixing type

Care Instructions

Hardwood
Cleaning
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG
Cleaning
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat
Cleaning
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Customisable Various door panels and an extensive colour selection is available making Bondi flexible to your style. We can customise signage to your requirements.

Additional Comments Indoor and covered outdoor use
