COTTESLOE BIN

Bins » Litter Bins

Modern, round, single, double, triple litter bins for indoor multi-stream recycling. Choose from an array of stunning Corian® solid surface colours.

Description Cottesloe is a beautifully unpretentious bin that can blend harmoniously with any indoor space. Available in single, double and triple capacities, Cottesloe allows you to manage your recycling channels in style. Staff can safely and easily empty the bins using either the folding central hinge on the double or gas-assisted lift on the triple litter bin. Add a seamless Corian® body in a wide array of organic colours and you have a germ-resistant bin with wow factor. To match or contrast with the bin body, the lids are available in a stainless steel or a powder-coated finish in 27 colours.

Made In Australia

Dimensions Single
510mm DIA x 830mmH

Double | Triple
1030mmW x 510mmD x 830mmH

Capacity Single
90L polyethylene liner

Double
2 x 90L polyethylene liner

Triple
1 x 65L, 2 x 45L galvanised steel liners

Frame Thermoformed Corian® body with stainless steel, satin polished lid and plinth. Stainless steel lids are also available in a powder-coat finish to match or contrast with the body colour.

Stainless steel, satin polished

Sustainability

Certified Materials

We use non-porous solid surfaces that carry internationally recognised Environmental Product Declarations (EPDs).

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Solid Surfaces | Corian®

Generally, when caring for Corian always start with a simple clean eg. using a damp sponge or cloth. Avoid using abrasive scouring pads for routine cleaning. Rinse clean.

For a deep clean of stubborn stains, a more thorough clean and refresh using a mild abrasive cleanser is recommended like Gumption, JIF Cream Cleanser or Ajax cream or powder cleanser. Firmly wipe with a damp cloth using a wide circular motion. Always finish by rinsing and wiping your surface with a damp cloth or sponge.

Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.

Powder-Coat

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

COTTESLOE BIN

Bins » Litter Bins

Customisable

Custom specify your [Corian® colour](#) to co-ordinate with your interior palette. Corian® colours are categorised A to E with A being the basic Glacier White colour, and E category being the most expensive organic colours.

Please be aware that the Cottesloe bin body has seamless joins when specifying organic Corian® colours with a grain. The grain will not pattern match across the joins.

Additional Comments

The double size has a centrally hinged lid.

The triple size has gas lift struts for easy removal of liners.
